TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Adminis- tration, Federal Security Agency

PART 146—CERTIFICATION OF BATCHES OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

PACKAGING AND LABELING OF PENICILLIN TABLETS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463, 61 Stat. 11, 63 Stat. 409; 21 U. S. C. and Supp., 357), the regulations for the certification of batches of antibiotic and antibiotic-containing drugs (21 CFR 146.1 et seq. and 1949 Supp.; 15 F. R. 4976, 5333) are amended as indicated below:

1. In § 146.27 *Penicillin tablets*, paragraph (b) *Packaging*, the last sentence is changed to read as follows: "If the penicillin tablets are freely soluble, each immediate container may be packaged in combination with one immediate container of a suitable and harmless aqueous vehicle with or without two or more suitable sulfonamides."

2. In § 146.27, subparagraph (1) of paragraph (c) *Labeling* is amended by deleting the "and" after the semicolon in subdivision (iv), by renumbering subdivision (v) as (vi), and by inserting the following new subdivision (v) between subdivision (iv) and renumbered subdivision (vi):

(v) If it is a packaged combination of penicillin tablets and a vehicle with or without sulfonamides, a statement giving the method of dissolving the penicillin; and

This order, which provides for the packaging of penicillin tablets with a vehicle containing two or more sulfonamides, shall become effective upon publication in the *FEDERAL REGISTER*, since both the public and the affected industry will be benefited by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order and would be contrary to public interest, and I so find, since it was drawn in collaboration with interested members of the industry and since it would be against public interest to delay providing for the packaging of penicillin tablets with a vehicle containing two or more sulfonamides.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interpret or apply sec. 507, 59 Stat. 463, as amended; 21 U. S. C. and Supp., 357)

The distiller shall keep a record on Form 1697, properly modified, of all distilled spirits stamps received and used at the distillery for taxpayment of brandy authorized by this section. The proprietor shall keep a separate record on Form 1697, properly modified, of all distilled spirits stamps received and used at the warehouse for taxpayment of spirits authorized by this section. The form shall be disposed of in accordance with the instructions printed thereon.

(Interprets or applies 53 Stat. 298 as amended, 335 as amended, 374, 375, 398; 26 U. S. C. 2800, 2883, 3172, 3175, 3300)

4. The purpose of these amendments is to permit distilled spirits stamps (prescribed by § 185.672 of Regulations 10 (26 CFR Part 185; 15 F. R. 5233) for the taxpayment of distilled spirits bottled in bond) to be used for the taxpayment of distilled spirits transferred by pipeline from registered and fruit distilleries and internal revenue bonded warehouses to contiguous rectifying plants and tax-paid bottling houses, and for distilled spirits taxpaid in bulk gauging tanks in internal revenue bonded warehouses and drawn into packages to which wholesale liquor dealer's stamps are to be affixed. Such distilled spirits stamps may be used in lieu of a certificate of taxpayment, Form 1595, prescribed by existing regulations. Since the stamps can be purchased in advance, taxpayment can be accomplished immediately following the gauging of the spirits and therefore the delay incident to obtaining a certificate of taxpayment from the collector after the spirits are gauged, will be obviated.

5. It is found that compliance with the notice, public rule-making procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1000, et seq.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of a liberalizing character.

6. This Treasury decision will be effective September 1, 1950, or upon the

date of publication in the **FEDERAL REGISTER**, whichever date is later.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 3]

[Docket Nos. 8736, 8975, 8976, 9175]

TELEVISION BROADCAST SERVICE

NOTICE OF FURTHER PROPOSED RULE MAKING

In the matters of amendment of § 3.606 of the Commission's rules and regulations, Docket Nos. 8736 and 8975; amendment of the Commission's rules, regulations and Engineering Standards Concerning the Television Broadcast Service, Docket No. 9175; utilization of frequencies in the band 470 to 890 mcs. for television broadcasting, Docket No.

8976; second notice of further proposed rule making.

1. Notice is hereby given of further proposed rule making in the above-entitled matters.

2. The Commission proposes to amend Part 3, Subpart E, of its rules and regulations (Rules Governing Television Broadcast Stations) and sections 1 and 2 of its Standards of Good Engineering Practice Concerning Television Broadcast Stations, in accordance with the "First Report of the Commission (Color Television Issues)" (FCC 50-1064) issued in these proceedings simultaneously with this notice.¹ Because of the size of the report, it is not attached to this notice, but copies of the report are available on request at the offices of the Commission. However, for information of interested persons, paragraph 151 of that report, relative to the adoption of bracket standards, is quoted, as follows:

151. In order to accomplish this purpose, the Commission simultaneously with the release of this Report is issuing a Notice of Proposed Rule Making providing for bracket standards in the present monochrome system. These bracket standards provide for a television composite video signal of substantially the type and proportion now employed in monochrome, but with the number of lines variable from 15,000 to 32,000 per second, and number of fields ranging from 50 to 150 per second.² Receivers built to incorporate such bracket standards would be equipped with a manual or automatic switch to select instantaneously between two sets of standards falling within the above ranges, one of which will be the present monochrome standards, and the other the CBS proposed standards. The receiver would produce pictures of equivalent size, geometrical linearity and brightness on each of the two positions of the switch. Interested persons are given until September 29, 1950, to submit comments. In addition, manufacturers are requested to submit a statement as to whether if the bracket standards are adopted they would, commencing with the effective date of the order adopting the bracket standards as final—30 days after publication of the order in the FEDERAL REGISTER—build all their television receivers

¹ Available for inspection at the Commission's Office of Information.

so as to be capable of operating within the above brackets. If, on the basis of the comments submitted, the Commission is able to adopt the bracket standards as final without a hearing and if the Commission receives assurances from a sufficient number of manufacturers to insure that such bracket standards will be incorporated in the great majority of television receivers, then we will be in a position to postpone a decision in this proceeding since we will have the time to explore more fully the matters set forth above, confident in the knowledge that adequate provision has been made to prevent aggravation of the compatibility question. If the bracket standards cannot be made final without a hearing or if assurances are not received from a sufficient number of manufacturers concerning their plans for incorporating bracket standards in their receivers, the Commission will not feel free to postpone a decision, for every day that passes would aggravate the compatibility problem. In that event, a final decision would be issued adopting the CBS color standards.

² The notice provides that if the brackets are adopted, television broadcasters will continue, until further order of the Commission, to broadcast in accordance with present standards—15,750 lines per second and 60 fields per second.

3. The amendments proposed by this notice provide for bracket standards as follows:

a. The scanning line frequency shall be within the bracket 15,000 to 32,000 per second.³

b. The field frequency shall be within the bracket 50 to 150 per second.³

In other respects the transmission standards would not be changed by this notice.

4. On or before September 29, 1950, any interested person who is of the opinion that the amendments proposed in paragraph 3 of this notice should or should not be adopted, or should not be adopted in the form set forth, may file a written statement setting forth his comments or proposed amendments.

³ Until further order, television stations shall utilize the following standards: the number of scanning lines shall be 15,750 per second, and the number of fields shall be 60 per second.

5. All manufacturers of television receivers are requested by the Commission to submit comments in accordance with paragraph 4 of this notice, and to include in such comments an affirmative statement as to whether such manufacturers would, commencing with the effective date of the adoption of bracket standards,⁴ design and manufacture all their television receivers so that:

(a) Such receivers would be capable of operating within the brackets set forth in paragraph 3 of this notice;

(b) Such receivers would be equipped with a manual or automatic switch so as to be able to select one of the following two sets of standards:

(i) 15,750 lines per second and 60 fields per second.

(ii) 29,160 lines per second and 144 fields per second.

(c) Such receivers would be capable of producing monochrome pictures of equivalent size, geometric linearity and brightness on each of the above two sets of standards.

6. In accordance with § 1.754 of the Commission's rules and regulations, an original and 14 copies of such written statement shall be filed with the Commission.

7. Authority to issue the proposals herein is vested in the Commission by sections 4 (i), 301, 303 (a), (b), (c), (d), (e), (f), (g), (h) and (r) of the Communications Act of 1934, as amended.

Adopted: September 1, 1950.

Released: September 1, 1950.

NOTICE OF FURTHER PROPOSED RULE MAKING, AND NOTICE OF HEARING AND ORDER OF TESTIMONY

In the matters of amendment of § 3.606 of the Commission's rules and regulations, Docket Nos. 8736 and 8975; amendment of the Commission's rules, regulations and Engineering Standards Concerning the Television Broadcast Service, Docket No. 9175; utilization of frequencies in the band 470 to 890 mcs. for television broadcasting, Docket 8976; fifth notice of amendment of notice of further proposed rule making, and notice of hearing and order of testimony (general issues).

1. Testimony relating to the general issues listed in the appendix below will

⁴ An order of the Commission adopting the bracket standards would become effective 30 days after its publication in the FEDERAL REGISTER.

be heard by the Commission on October 2, 1950, at 10:00 a. m. in the U. S. Department of Commerce Auditorium, 14th Street between E Street and Constitution Avenue NW., Washington, D. C.

2. Parties listed in the appendix below will be permitted to testify if they so desire, in support of general comments contained in their filed statements. Parties who have filed statements herein which combine general proposals and proposals for the allocation of specific channels to specific communities will not be permitted to testify concerning such specific proposals at this time.¹ At a later date, the Commission will issue a Notice scheduling the hearing on such specific proposals and listing the parties entitled to participate therein. Parties listed in the appendix below who desire to rest on their written comments heretofore filed, and who do not desire to testify, are requested to so advise the Commission Counsel in advance of the commencement of this portion of the hearing. Accordingly, parties desiring to testify should take into account that all listed parties may not desire to be heard, and should plan their availability with this in mind.

3. Commencing on June 5, 1950, the Commission heard testimony with respect to paragraph 11 of the "Notice of Further Proposed Rule Making" (FCC 49-948) issued herein on July 11, 1949, concerning the following issue:

To receive evidence and data with respect to the question whether there should be an allocation of the band 470-500 Mcs. to multi-channel broadband common carrier mobile radio operation in lieu of television broadcasting.

Parties who presented testimony in support of the above allocation and who completed their direct cases were Bell Telephone Laboratories, Inc., United States Independent Telephone Association, National Mobile Radio System and Mutual Telephone Company. Parties who opposed said allocation were Television Broadcasters Association, Allen B. DuMont Laboratories, Inc., and Philco Corporation and Philco Television Broadcasting Corporation. The three opposing parties were permitted to make limited presentations and were granted leave to "make a complete showing on their affirmative case in connection with the further hearings to be had herein relating to the promulgation of television rules and standards and the allocation of television channels in the UHF band." The above ruling provided further that "At the time of such presentation, the common carrier parties who have appeared herein with respect to the issue now being tried will be af-

¹ The overall allocation plan proposed by Allen B. DuMont Laboratories, Inc. will be considered at the inception of the subsequent portion of the hearing relating to allocation of specific channels to specific communities. Parties who have filed comments with respect to the specific allocations proposed by DuMont will be heard at that time.

fording an opportunity to participate further in the consideration of this question through cross-examination of the witnesses presented in behalf of the broadcasters." Accordingly, the names of the above supporting parties have been listed in the appendix below as parties entitled to cross-examine TBA, DuMont and Philco and to offer rebuttal evidence.

4. Immediately upon the conclusion of the direct testimony of any of the parties listed in the appendix below, such parties will be subject to cross-examination by the Commission, its staff, the four supporting parties listed in paragraph 3 above, and all parties who have filed oppositions to the proposals of the party presenting its direct testimony.

5. Attention is again called to paragraph "15 (d)" of the Notice of Further Proposed Rule Making herein (FCC 49-948) which requires parties to have available at the hearing for distribution among the Commission and its staff 20 copies of all exhibits offered in evidence. In addition, participants should plan, if possible, to have available 100 additional copies of each exhibit for distribution to interested parties and persons attending the hearing.

6. The appendix below lists the issues to be considered by the Commission and the order in which the interested parties will testify. Parties who have duly filed statements or oppositions concerning any of the general issues and whose names do not appear on the appendix below should promptly communicate with Commission Counsel their desire to be listed.

7. Attention is called to the discussion with respect to horizontal interlace in the First Report of the Commission (Color Television Issues) (FCC 50-1064) issued this date.² The Commission is of the opinion that horizontal interlace gives promise of being an important development in television broadcasting. Interested persons are urged to conduct a series of field tests to determine whether horizontal interlace can be utilized in the present monochrome system. Any person desiring to offer any specific proposal for the use of horizontal interlace in the present monochrome system may present evidence on this phase of the proceedings at the conclusion of the other matters listed in the appendix below. Notice of intention to offer such evidence shall be given by October 31, 1950, unless a later date is prescribed by the Commission.

Adopted: September 1, 1950.

Released: September 1, 1950.

Section 682a), as herein-after indicated, the following described lands in the Phoenix, Arizona Land District, embracing 210 acres,

ARIZONA SMALL TRACT CLASSIFICATION No. 22

For lease and sale for all purposes authorized by the act except business sites:

T. 7 N., R. 2 E., G. & S. R. B. & M., Arizona, Sec. 34, E $\frac{1}{2}$ W $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$.

For lease and sale for business or combination home and business sites:

T. 7 N., R. 2 E., G. & S. R. B. & M., Arizona, Sec. 34, W $\frac{1}{2}$ W $\frac{1}{2}$ SE $\frac{1}{4}$, E $\frac{1}{2}$ E $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$.

2. These lands are situated 35 miles north of Phoenix, Arizona, via U. S. Highway No. 69, commonly known as the Black Canyon Road. The areas classified are also traversed by dirt roads and trails diverging from the highway at different points. A country store, filling station and cafe known as New River are located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 34, a short distance north and west of the lands described above. New River is a Greyhound bus station on the new route over U. S. Highway 69. The altitude of the lands varies from 1,700 to 1,800 feet. Precipitation is approximately 8 inches per annum, and temperatures range from a low of 20° F. to a high of 115° F. The topography is rolling to fairly rough and the soil is a red sandy clay interspersed with considerable rock. Vegetation consists of mesquite, creosote bush, palo verde, and various grasses and weeds in season. Potable water in quantities adequate for domestic use may be found at depths varying from 12 to 100 feet, depending upon the contour of the lands. An electric power transmission line traverses lands near the area classified and electric power may be made available from this source. Settlers must provide their own fuel and construction of outdoor sanitary facilities will be necessary. Business, educational and religious facilities are available at Glendale 25 miles to the south, and at Phoenix 35 miles to the south. School busses operate out of New River into Glendale.

3. As to applications regularly filed prior to 8:30 a. m. Mountain Standard Time on August 31, 1950, and which are for the type of site for which the land is classified, this order shall become effective upon the date it is signed.

4. As to the land not covered by applications referred to in paragraph 3, this order shall not become effective to permit leasing under the Small Tract Act

of June 1, 1938, as amended, until 8:30 a. m. on November 2, 1950. At that time such lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application as follows:

(a) Ninety-one day preference period for qualified veterans of World War II from 8:30 a. m. on November 2, 1950, to close of business on January 31, 1951.

(b) Advance period for veterans' simultaneous filings from 8:30 a. m. on August 31, 1950 to 8:30 a. m. on November 2, 1950.

5. Any of the land remaining unappropriated shall become subject to application under the Small Tract Act by the public generally commencing at 8:30 a. m. on February 1, 1951.

(a) Advance period for simultaneous non-preference right filings from 8:30 a. m. August 31, 1950, to 8:30 a. m. on February 1, 1951.

6. Applications filed within the periods mentioned in paragraphs 4 (b) and 5 (a) above will be treated as simultaneously filed.

7. A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based, and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

8. All of the land will be leased in tracts of approximately 5 acres, each being approximately 330 feet by 660 feet; and the longer dimensions of the tracts may extend either north and south or east and west, provided the tract conforms to or is made to conform to the area and dimensions specified above, and, provided the tract is not described in such a manner as to break up a ten-acre rectangular subdivision. This proviso applies to all leases issued, preference and non-preference alike. The longitudinal directions of tracts described in applications filed prior to the date of this order shall not be disturbed unless they have been filed in such a manner as to violate the rectangular subdivision rule.

9. Leases will be for a period of 5 years.

(a) Where applications are filed for homesites only, the annual rental of \$5.00 will be payable for the entire lease period in advance of the issuance of the lease.

(b) Where applications are filed for business sites only, the minimum rental of \$20.00 per annum shall be charged, payable for the first year in advance of the issuance of the lease, and payable for all succeeding years not later than 30 days in advance of the expiration of the

preceding lease year, or the entire rental for the 5-year lease period may be paid in advance at the option of the lessee.

(c) Where applications are filed for combination home and business sites the rental for homesite purposes shall be \$5.00 per annum payable for the entire lease period in advance, and \$20.00 additional per annum for the privilege of using the land for business purposes, the rental for business purposes to be paid on the same terms and conditions as set forth in 10 (b).

(d) In any and all cases where applications are filed and leases issued for business sites only, the \$20.00 business rental shall be the minimum rental for that purpose, and the lessee shall be obligated to pay additional rental at the rate fixed by the schedule of rentals in effect at the date of the approval of his lease, if his gross receipts from the business conducted on the leased tract shall exceed \$2,000 per annum. In any and all cases where applications are filed and leases issued for combination home and business sites, the minimum rental shall be \$25.00 per annum, i. e. \$5.00 for the homesite and \$20.00 for the business site.

(e) Such lessees or their authorized representatives shall, within 60 days after the expiration of each lease year, submit to the Manager of the Arizona Land and Survey Office a statement of the amount of his gross receipts for the preceding year. Authorized representatives of the Department of the Interior shall, at all times within customary business hours, have the right to inspect and examine the lessee's accounts and to inspect the premises leased.

10. Leases will contain an option-to-purchase clause at appraised values as follows:

Foreign-Trade Zones Board

[Order 24]

SCOBEY FIREPROOF STORAGE CO.

APPROVAL OF APPLICATION TO REVISE AND RELOCATE BOUNDARY, CHANGE DESIGN OF MAIN WAREHOUSE, AND RETAIN EXISTING TEMPORARY STRUCTURES IN FOREIGN TRADE ZONE

In the matter of the application of the Scobey Fireproof Storage Company

¹ See F. R. Doc. 50-7856, Title 43, Chapter I, Appendix, *supra*.

to revise and relocate boundary, change design of main warehouse, and retain existing temporary structures in Foreign-Trade Zone No. 6, Municipal Airport, San Antonio, Texas.

Pursuant to authority contained in the Foreign-Trade Zones Act of June 18, 1934, as amended (48 Stat. 998-1003; 19 U. S. C. 81a-81u), the Foreign-Trade Zones Board has adopted the following order which is promulgated for the information and guidance of all concerned:

Under date of June 2, 1950, the Scobey Fireproof Storage Company duly filed with this Board its application to revise and relocate boundaries, change design of main warehouse, and to retain certain existing temporary structures in Foreign-Trade Zone No. 6, Municipal Airport, San Antonio, Texas.

Accordingly, after full consideration and a finding that the proposals are in the public interest, it is hereby ordered as follows:

1. Permission is granted to revise and relocate the boundaries, change design of main warehouse, and to retain certain existing temporary structures within Foreign-Trade Zone No. 6, Municipal Airport, San Antonio, Texas.

2. The Secretary of Commerce as Chairman and Executive Officer of the Board is authorized to amend applicant's grant to establish, operate, and maintain a foreign-trade zone at Municipal Airport, San Antonio, Texas (Order No. 21; 14 F. R. 7363; Dec. 8, 1949), to conform with Revised Exhibits Nos. 1, 3, and 6 (revised June 1, 1950) and filed with the Board June 19, 1950, and Revised Exhibit No. 10 (Map D, undated), filed with the Board June 12, 1950.

It is found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. No. 404, 79th Cong.) is unnecessary in connection with the issuance of this order because its application is restricted to one foreign-trade zone, and is of a nature that it imposes no burden on parties of interest. The effective date of this order is, therefore, upon publication in the FEDERAL REGISTER.

It is found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. SEPTEMBER 1, 1950.

Take notice that on August 17, 1950, Clell L. McClung and Marguerite L. McClung, doing business under the name of The Walnut Gas & Electric Company with their principal place of business at Walnut, Kansas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following described natural-gas facilities:

A 3-inch natural-gas transmission pipeline extending from the town of Walnut, Kansas, to a point of connection on an 8-inch gas pipeline of Cities Service Gas Company.

The application recites the proposed facility will be used to transport natural gas from the point of connection with Cities Service Gas Company to the town of Walnut, Kansas, for resale to approximately 240 to 275 customers of Applicant; that the requirements of said customers have heretofore been served from approximately 70 local gas wells which are depleting so rapidly that by the winter of 1950-1951 reliance will be almost entirely on gas purchased from Cities Service Gas Company.

The estimated total over-all capital cost of the facility is \$35,000, which amount Applicant proposes to borrow on a participating loan from the Farmers State Bank of Walnut, Kansas, and the Reconstruction Finance Corporation, at an average interest rate of 4.7 percent.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 20th day of September 1950. The application is on file with the Commission for public inspection.

[File No. 812-681]

NORTH AMERICAN INVESTMENT CORP. ET AL.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of September A. D., 1950.

In the matter of North American Investment Corporation, Commonwealth Investment Company, and North American Securities Company; File No. 812-681.

Notice is hereby given that North American Investment Corporation (Investment), a registered closed-end management investment company, Commonwealth Investment Company (Commonwealth), a registered open-end management investment company, and North American Securities Company (Securities), a wholly-owned subsidiary of Investment and the principal underwriter of Commonwealth, have filed a joint application under section 6 (c) of the Investment Company Act of 1940 for an order of the Commission granting an exemption from the provisions of section 15 (a) of the act to the extent that Securities may be permitted to serve until February 1951 as the investment adviser of Investment and Commonwealth, respectively, under written contracts which Securities proposes to enter into with each of these registered investment companies without such contracts having been approved by the stockholders of the registered investment companies.

The application discloses that Investment was organized in 1925 and has been

engaged continuously since that time in the business of investing and reinvesting the funds received from the original issue of its securities. It has maintained a trained staff to manage its portfolio which has a value at the present time of approximately \$5,500,000. Since 1932 it has furnished investment advice to and managed the portfolio of Commonwealth pursuant to a written contract providing for a fee payable to Investment of $\frac{1}{8}$ of 1 percent quarterly of the net asset value of Commonwealth.

In the past Investment has qualified as a regulated investment company under Section 361 of the Internal Revenue Code, more than 90 percent of its gross income being derived from dividends, interest and capital gains and less than 10 percent of its gross income being derived from its chief other source of income, namely, from payments under the contract with Commonwealth. However, due to the rapid and substantial current growth of Commonwealth which now has net assets approximating \$19,000,000, it appears that the payments to Investment under the contract with Commonwealth will exceed 10 percent of its gross income in the current year and cause Investment to lose its status as a regulated investment company. In order to prevent Investment from losing such status it is proposed that Investment will cease carrying on the business of investment management and that Securities, an ordinary business corporation wholly engaged in related activities, will undertake the investment management activities heretofore performed by Investment. Accordingly, it is proposed that: (1) The trained staff of Investment will leave Investment's employ and will be employed and paid solely by Securities which will undertake all of the investment advisory functions, together with expenses incident thereto, previously performed and carried on by Investment, (2) the existing investment advisory contract between Investment and Commonwealth will be terminated and Commonwealth and Securities will enter into an investment advisory contract providing for compensation to Securities identical with that contained in the existing contract between Commonwealth and Investment, and (3) Securities will enter into a contract with its parent, Investment, to provide Investment with similar investment advisory services for a fee identical with that to be contained in the contract between Securities and Commonwealth.

Investment is of the opinion that the delay entailed in calling a special meeting of stockholders to approve the investment advisory contracts will result in the loss of Investment's status as a regulated investment company and that the postponement of shareholder approval of the contracts until the regular annual shareholders' meetings of Investment and Commonwealth in February 1951 will result in a saving of considerable expense.

For a more detailed statement of the matters of fact and law asserted all persons are referred to said application which is on file at the office of the Commission in Washington, D. C.

¹ Filed as part of the original document.

Notice is further given that an order granting the application may be issued, in whole or in part and upon such conditions as the Commission may deem necessary and appropriate, at any time on or after September 18, 1950, unless prior thereto a hearing upon the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may not later than September 15, 1950, at 5:30 p. m., e. d. s. t., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request and the issues of fact or law raised by the application which he desires to controvert.
